

Vanguard Instruments Company, Inc.

Auto-Ohm S2 Product Line

The Auto-Ohm S2 line is Vanguard's third-generation family of microprocessor-based true DC micro-ohmmeters. The Auto-Ohm S2 line is designed for testing EHV circuit-breaker contact resistance, bushing contact joints, or for any low resistance measurement. The Auto-Ohm S2 is available in two models – the Auto-Ohm 100 S2 and the Auto-Ohm 200 S2. The Auto-Ohm 100 S2 offers a test current range from 10 Amperes to 100 Amperes while the Auto-Ohm 200 S2 offers a test current range from 10 Amperes to 200 Amperes.

The Auto-Ohm S2 line has been in production since 2004, and over 1,100 units have been sold world-wide.
